

D-CAPTURE

DUST CAPTURE ADAPTOR FOR DRILLS

For drilling jobs with
no nuisance dust
(Gypsum, Cement,
Wood, Etc.)

Protection from
hazardous materials
(Asbestos, Silica , etc.)

Can be used with
any drill model.

Should be used
with a 12" drill bit.

Mount the provided Velcro
band on the first fixed part
behind the chuck (cut to length).

Install the blue sleeve on the
drill, using the interior velcro
and the adjustment strap.

Hook-up the vacuum cleaner to
the D-Capture handle, and start
the vacuum cleaner.

Pull back the handle in order to
expose the drill bit. Apply the drill
bit to the targeted surface.

Release the handle
and begin drilling.
NO DUST!

Suggested
use with the
Advance Adgility
Hepa Vacuum
